

## NVIDIA RTX SDKs LICENSE

This license is a legal agreement between you and NVIDIA Corporation ("NVIDIA") and governs the use of the NVIDIA RTX software development kits, including the DLSS SDK, NGX SDK, RTXGI SDK, RTXDI SDK and/or NRD SDK, if and when made available to you under this license (in each case, the "SDK").

This license can be accepted only by an adult of legal age of majority in the country in which the SDK is used. If you are under the legal age of majority, you must ask your parent or legal guardian to consent to this license. If you are entering this license on behalf of a company or other legal entity, you represent that you have legal authority and "you" will mean the entity you represent.

By using the SDK, you affirm that you have reached the legal age of majority, you accept the terms of this license, and you take legal and financial responsibility for the actions of your permitted users.

You agree to use the SDK only for purposes that are permitted by (a) this license, and (b) any applicable law, regulation or generally accepted practices or guidelines in the relevant jurisdictions.

1. LICENSE. Subject to the terms of this license and the terms in the supplement attached, NVIDIA hereby grants you a non-exclusive, non-transferable license, without the right to sublicense (except as expressly provided in this license) to:

- a. Install and use the SDK,
- b. Modify and create derivative works of sample source code delivered in the SDK, and
- c. Distribute any software and materials within the SDK, other than developer tools provided for your internal use, as incorporated in object code format into a software application subject to the distribution requirements indicated in this license.

2. DISTRIBUTION REQUIREMENTS. These are the distribution requirements for you to exercise the grants above:

- a. An application must have material additional functionality, beyond the included portions of the SDK.
- b. The following notice shall be included in modifications and derivative works of source code distributed: "This software contains source code provided by NVIDIA Corporation."
- c. You agree to distribute the SDK subject to the terms at least as protective as the terms of this license, including (without limitation) terms relating to the license grant, license restrictions and protection of NVIDIA's intellectual property rights. Additionally, you agree that you will protect the privacy, security and legal rights of your application users.
- d. You agree to notify NVIDIA in writing of any known or suspected distribution or use of the SDK not in compliance with the requirements of this license, and to enforce the terms of your agreements with respect to the distributed portions of the SDK.

3. AUTHORIZED USERS. You may allow employees and contractors of your entity or of your subsidiary(ies) to access and use the SDK from your secure network to perform work on your behalf. If you are an academic institution you may allow users enrolled or employed by the academic institution to access and use the SDK from your secure network. You are responsible for the compliance with the terms of this license by your authorized users.

4. LIMITATIONS. Your license to use the SDK is restricted as follows:

- a. You may not reverse engineer, decompile or disassemble, or remove copyright or other proprietary notices from any portion of the SDK or copies of the SDK.
- b. Except as expressly provided in this license, you may not copy, sell, rent, sublicense, transfer, distribute, modify, or create derivative works of any portion of the SDK. For clarity, you may not distribute or sublicense the SDK as a stand-alone product.
- c. Unless you have an agreement with NVIDIA for this purpose, you may not indicate that an application created with the SDK is sponsored or endorsed by NVIDIA.
- d. You may not bypass, disable, or circumvent any technical limitation, encryption, security, digital rights management or authentication mechanism in the SDK.

e. You may not use the SDK in any manner that would cause it to become subject to an open source software license. As examples, licenses that require as a condition of use, modification, and/or distribution that the SDK be: (i) disclosed or distributed in source code form; (ii) licensed for the purpose of making derivative works; or (iii) redistributable at no charge.

f. Unless you have an agreement with NVIDIA for this purpose, you may not use the SDK with any system or application where the use or failure of the system or application can reasonably be expected to threaten or result in personal injury, death, or catastrophic loss. Examples include use in avionics, navigation, military, medical, life support or other life critical applications. NVIDIA does not design, test or manufacture the SDK for these critical uses and NVIDIA shall not be liable to you or any third party, in whole or in part, for any claims or damages arising from such uses.

g. You agree to defend, indemnify and hold harmless NVIDIA and its affiliates, and their respective employees, contractors, agents, officers and directors, from and against any and all claims, damages, obligations, losses, liabilities, costs or debt, fines, restitutions and expenses (including but not limited to attorney's fees and costs incident to establishing the right of indemnification) arising out of or related to your use of the SDK outside of the scope of this license, or not in compliance with its terms.

5. UPDATES. NVIDIA may, at its option, make available patches, workarounds or other updates to this SDK. Unless the updates are provided with their separate governing terms, they are deemed part of the SDK licensed to you as provided in this license. Further, NVIDIA may, at its option, automatically update the SDK or other software in the system, except for those updates that you may opt-out via the SDK API. You agree that the form and content of the SDK that NVIDIA provides may change without prior notice to you. While NVIDIA generally maintains compatibility between versions, NVIDIA may in some cases make changes that introduce incompatibilities in future versions of the SDK.

6. PRE-RELEASE VERSIONS. SDK versions identified as alpha, beta, preview, early access or otherwise as pre-release may not be fully functional, may contain errors or design flaws, and may have reduced or different security, privacy, availability, and reliability standards relative to commercial versions of NVIDIA software and materials. You may use a pre-release SDK version at your own risk, understanding that these versions are not intended for use in production or business-critical systems. NVIDIA may choose not to make available a commercial version of any pre-release SDK. NVIDIA may also choose to abandon development and terminate the availability of a pre-release SDK at any time without liability.

7. THIRD-PARTY COMPONENTS. The SDK may include third-party components with separate legal notices or terms as may be described in proprietary notices accompanying the SDK. If and to the extent there is a conflict between the terms in this license and the third-party license terms, the third-party terms control only to the extent necessary to resolve the conflict.

## NVIDIA RTX SUPPLEMENT TO SOFTWARE LICENSE AGREEMENT FOR NVIDIA SOFTWARE DEVELOPMENT KITS

The terms in this supplement govern your use of the NVIDIA RTX SDKs, including the DLSS SDK, NGX SDK, RTXGI SDK, RTXDI SDK and/or NRD SDK, if and when made available to you (in each case, the “SDK”) under the terms of your license agreement (“Agreement”) as modified by this supplement. Capitalized terms used but not defined below have the meaning assigned to them in the Agreement.

This supplement is an exhibit to the Agreement and is incorporated as an integral part of the Agreement. In the event of conflict between the terms in this supplement and the terms in the Agreement, the terms in this supplement govern.

**1. Interoperability.** Your applications that incorporate, or are based on, the SDK must be fully interoperable with compatible GPU hardware products designed by NVIDIA or its affiliates. Further, the DLSS SDK and NGX SDK are licensed for you to develop applications only for their use in systems with NVIDIA GPUs.

**2. Limitations for the DLSS SDK and NGX SDK.** Your applications that incorporate, or are based on, the DLSS SDK or NGX SDK may be deployed in a cloud service that runs on systems that consume NVIDIA vGPU software, and any other cloud service use of such SDKs or their functionality is outside of the scope of the Agreement. For the purpose of this section, cloud services include application service providers or service bureaus, operators of hosted/virtual system environments, or hosting, time sharing or providing any other type of service to others.

**3. Notification for the DLSS SDK and NGX SDK.** You are required to notify NVIDIA prior to commercial release of an application (including a plug-in to a commercial application) that incorporates, or is based on, the DLSS SDK or NGX SDK. Please send notifications to: <https://developer.nvidia.com/sw-notification> and provide the following information in the email: company name, publisher and developer name, NVIDIA SDK used, application name, platform (i.e. PC, Linux), scheduled ship date, and weblink to product/video.

**4. Audio and Video Encoders and Decoders.** You acknowledge and agree that it is your sole responsibility to obtain any additional third-party licenses required to make, have made, use, have used, sell, import, and offer for sale your products or services that include or incorporate any third-party software and content relating to audio and/or video encoders and decoders from, including but not limited to, Microsoft, Thomson, Fraunhofer IIS, Sisvel S.p.A., MPEG-LA, and Coding Technologies. NVIDIA does not grant to you under this Agreement any necessary patent or other rights with respect to any audio and/or video encoders and decoders.

**5. DLSS SDK Terms.** By installing or using the DLSS SDK you agree that NVIDIA can make over-the-air updates of DLSS in systems that have DLSS installed, including (without limitation) for quality, stability or performance improvements or to support new hardware. If you publicly release a DLSS integration in an end user game or application that presents material stability, performance, image quality, or other technical issues impacting the user experience, you will work to quickly address the integration issues. In the case issues are not addressed, NVIDIA reserves the right, as a last resort, to temporarily disable the DLSS integration until the issues can be fixed.

### 6. Marketing.

**6.1 Marketing Activities.** Your license to the SDK(s) under the Agreement is subject to your compliance with the following marketing terms:

(a) Identification by You in the DLSS SDK or NGX SDK. During the term of the Agreement, NVIDIA agrees that you may identify NVIDIA on your websites, printed collateral, trade-show displays and other retail packaging materials, as the supplier of the DLSS SDK or NGX SDK for the applications that were developed with use of such SDKs, provided that all such references to NVIDIA will be subject to NVIDIA's prior review and written approval, which will not be unreasonably withheld or delayed.

(b) NVIDIA Trademark Placement in Applications with the DLSS SDK or NGX SDK. For applications that incorporate the DLSS SDK or NGX SDK or portions thereof, you must attribute the use of the applicable SDK and include the NVIDIA Marks on splash screens, in the about box of the application (if present), and in credits for game applications.

(c) NVIDIA Trademark Placement in Applications with a licensed SDK, other than the DLSS SDK or NGX SDK. For applications that incorporates and/or makes use of a licensed SDK, other than the DLSS SDK or NGX SDK, you must attribute the use of the applicable SDK and include the NVIDIA Marks on the credit screen for applications that have such credit screen, or where a credit screen is not present prominently in end user documentation for the application.

(d) Identification by NVIDIA in the DLSS SDK or NGX SDK. You agree that NVIDIA may identify you on NVIDIA's websites, printed collateral, trade-show displays, and other retail packaging materials as an individual or entity that produces products and services which incorporate the DLSS SDK or NGX SDK as applicable. To the extent that you provide NVIDIA with input or usage requests with regard to the use of your logo or materials, NVIDIA will use commercially reasonable efforts to comply with such requests. For the avoidance of doubt, NVIDIA's rights pursuant to this section shall survive any expiration or termination of the Agreement with respect to existing applications which incorporate the DLSS SDK or NGX SDK.

(e) Applications Marketing Material in the DLSS SDK or NGX SDK. You may provide NVIDIA with screenshots, imagery, and video footage of applications representative of your use of the NVIDIA DLSS SDK or NGX SDKs in your application (collectively, "Assets"). You hereby grant to NVIDIA the right to create and display self-promotional demo materials using the Assets, and after release of the application to the public to distribute, sub-license, and use the Assets to promote and market the NVIDIA RTX SDKs. To the extent you provide NVIDIA with input or usage requests with regard to the use of your logo or materials, NVIDIA will use commercially reasonable efforts to comply with such requests. For the avoidance of doubt, NVIDIA's rights pursuant to this section shall survive any termination of the Agreement with respect to applications which incorporate the NVIDIA RTX SDK.

## 6.2 Trademark Ownership and Licenses. Trademarks are owned and licenses as follows:

(a) Ownership of Trademarks. Each party owns the trademarks, logos, and trade names (collectively "Marks") for their respective products or services, including without limitation in applications, and the NVIDIA RTX SDKs. Each party agrees to use the Marks of the other only as permitted in this exhibit.

(b) Trademark License to NVIDIA. You grant to NVIDIA a non-exclusive, non-sub licensable, non-transferable (except as set forth in the assignment provision of the Agreement), worldwide license to refer to you and your applications, and to use your Marks on NVIDIA's marketing materials and on NVIDIA's website (subject to any reasonable conditions of you) solely for NVIDIA's marketing activities set forth in this exhibit Sections (d)-(e) above. NVIDIA will follow your specifications for your Marks as to style, color, and typeface as reasonably provided to NVIDIA.

(c) Trademark License to You. NVIDIA grants to you a non-exclusive, non-sub licensable, non-transferable (except as set forth in the assignment provision of the Agreement), worldwide license, subject to the terms of this exhibit and the Agreement, to use NVIDIA RTX™, NVIDIA GeForce RTX™ in combination with GeForce products, and/or NVIDIA Quadro RTX™ in combination with Quadro products (collectively, the "NVIDIA Marks") on your marketing materials and on your website (subject to any reasonable conditions of NVIDIA) solely for your marketing activities set forth in this exhibit Sections 6.1 (a)-(c) above. For the avoidance of doubt, you will not and will not permit others to use any NVIDIA Mark for any other goods or services, or in a way that tarnishes, degrades, disparages or reflects adversely any of the NVIDIA Marks or NVIDIA's business or reputation, or that dilutes or otherwise harms the value, reputation or distinctiveness of or NVIDIA's goodwill in any NVIDIA Mark. In addition to the termination rights set forth in the Agreement, NVIDIA may terminate this trademark license at any time upon written notice to you. You will follow NVIDIA's use guidelines and specifications for NVIDIA's Marks as to style, color and typeface as provided in NVIDIA Marks and submit a sample of each proposed use of NVIDIA's Marks at least two (2) weeks prior to the desired implementation of such use to obtain NVIDIA's prior written approval (which approval will not be unreasonably withheld or delayed). If NVIDIA does not respond within ten (10) business days of your submission of such sample, the sample will be deemed unapproved. All goodwill associated with use of NVIDIA Marks will inure to the sole benefit of NVIDIA.

6.3 Use Guidelines. Use of the NVIDIA Marks is subject to the following guidelines:

(a) Business Practices. You covenant that you will: (a) conduct business with respect to NVIDIA's products in a manner that reflects favorably at all times on the good name, goodwill and reputation of such products; (b) avoid deceptive, misleading or unethical practices that are detrimental to NVIDIA, its customers, or end users; (c) make no false or misleading representations with regard to NVIDIA or its products; and (d) not publish or employ or cooperate in the publication or employment of any misleading or deceptive advertising or promotional materials.

(b) No Combination Marks or Similar Marks. You agree not to (a) combine NVIDIA Marks with any other content without NVIDIA's prior written approval, or (b) use any other trademark, trade name, or other designation of source which creates a likelihood of confusion with NVIDIA Marks.
